STILL GET THRILL AT PENNY ARCADES

New York—Eight o'clock in the morning is the zero hour for excitement in New York. Nothing re-creates the spirit of the city like the first part of the drive home after the last day of the year.

That is, of course, if you do not belong to that class of New Yorkers who know all the little intimate things about their home town.

For instance, that when it's eight o'clock in the morning, when the city is still asleep, the first part of the drive home after the last day of the year.

DEATH OF MR. J. M. SNOW.

On the night of December 10, 1927, God called from our midst the husband and father, J. M. Snow. Although he had been in feeble health for 16 months, his death was a great shock to the family and friends, even though it had been expected.

He was 68 years of age; was reared in Pike County, and lived there until the year 1902, when he moved to Coffee County. He was one of Coffee's most highly esteemed citizens and was a prosperous farmer. He had many friends throughout his home section, who were grieved to learn of his death.

He leaves to mourn his death, a widow and 6 children, namely: Robert Snow, of Brewton; Coley Eugene, Barney, Clatt and Wyatt Snow, all of Coffee County. May God comfort the bereaved family.

INDIGESTION

"I had suffered with indigestion for 6 years," says Mr. H. C. Dove, R.F.D. 4, Chester, S.C. "I had gotten to the place where I could hardly eat a thing—everything hurt me. I had no appetite, and I was in a bad fix."

"I read of Black-Draught and decided to try it. I do not believe that I would have been living today but for Black-Draught. I had gotten to where I only ate milk and crackers, but after taking Black-Draught I began to eat and gradually my appetite came back. I gained in weight and felt better. I have not had a bad spell of indigestion in ten months."

Black-Draught is prepared in a powder from medicinal roots and herbs. In use over 58 years.

In a Bad Fix from

INDIGESTION

"I had suffered with indigestion for 6 years," says Mr. H. C. Dove, R.F.D. 4, Chester, S.C. "I had gotten to the place where I could hardly eat a thing—everything hurt me. I had no appetite, and I was in a bad fix."

"I read of Black-Draught and decided to try it. I do not believe that I would have been living today but for Black-Draught. I had gotten to where I only ate milk and crackers, but after taking Black-Draught I began to eat and gradually my appetite came back. I gained in weight and felt better. I have not had a bad spell of indigestion in ten months."

Black-Draught is prepared in a powder from medicinal roots and herbs. In use over 58 years.

Sold everywhere. 25 cents.

A Merry Christmas and a Happy New Year to All

WAIT FOR THE New Chevrolet

Christmas 1927

To Our Friends and Customers:

More than anything else we value the personal friendships it has been our privilege to enjoy and which today seem to have become a very part of our business.

It has been said there is no sentiment in business—but to us there is sentiment—something very human in business—at least in our business, and at this season of the year it is a real pleasure to send this personal Greeting—just between you and ourselves.

Our Christmas Message is the sincere wish that the New Year may prove a most bounteous one for you in prosperity and happiness.

Sincerely yours,

Smith Brothers

—SAME STAND 18 YEARS—

PARTY FOR NELL ROWE—

On Monday afternoon Mrs. C. N. Smith entertained with a party for Nell Rowe, celebrating her seventh birthday. The apartment carried out the season's colors of green and red. Games and contests which were enjoyed very much by the guests. After cake and cream were served, pretty little favors were given from an attractive Christmas tree.

MRS. COOPER ENTERTAINS T. E. L. CLASS—

Mrs. W. F. Cooper entertained the T. E. L. Sunday School Class at her home Tuesday afternoon. During the business hour classes for the new year were elected. Two splendid readings were given by little Miss Toty Rhodes. Piano selections were given by Miss Hazel Blair. The hostess assisted by Mrs. C. P. Hayes served delicious punch and sandwiches.

IN MEMORY.

To the Worshipful Master, Wardens, and Brethren of Pea River Lodge No. 271, A. F. & A. M. M. Whereas, the grim reaper, death, has again entered our portals and selected our Brother Benjamin J. Cardwell, as its victim, which event occurred on the 7th day of November 1927, at his home in Elba, Alabama. Yet we bow in humble submission to the dispensation of God, realizing the fact that while we were the past record of our venerable Brother, he has left many shining virtues for us to imitate.

We find that Brother Cardwell was born October 6th, 1844, near Montgomery, Ala., and in early manhood he came to Coffee County, near Victoria, and soon afterwards in the early sixties he volunteered and joined the Confederate Army, and served three years in Company A, 33rd Regiment in Cleveland's Division, Lowry's Brigade, under Captain M. C. Kimmey, until the close of the war.

On January 24, 1867, he was united in marriage to Nancy Mahoney, and to them were born children, as follows: Mrs. J. A. Fowler, Clarksville, Ark.; Mrs. Cardwell, Hartford, Ala.; Dr. W. S. Cardwell, Victoria, Ala.; (deceased); L. L. Cardwell, Victoria, Ala.; C. C. Cardwell, Enterprise, Ala.; E. A. Cardwell, Troy, Ala.

Brother Cardwell was once a member of the Baptist church at Victoria. He entered the Masonic Fraternity with Pea River Lodge No. 271 at Victoria, Ala., in the year of 1907. He has initiated an entered apprentice, May 18, 1907; passed to the degree of Fellowcraft, June 15, 1907; and raised to the sublime degree of Master Mason, July 20, 1907. After which he was always a true and loyal Brother. He was never suspended or expelled.

Our Brother is no more on earth; he has passed the final beacon to which all mortal men are tending—death. He has passed over the river to rest on the evergreen shore. And while over his last days hung the dark and lowering clouds of affliction which was indeed sad to contemplate by his relatives and friends. But as we behold the Supreme Grand Master of the universe, we realize that His death all things well, and it inspires

us to believe that a good man has passed away, and comes us to involuntarily exclaim: "Beyond the sunset's radiant glow, There is a bright world we know, Far from such unallured strife, To all who share the life of life. In man a kindred soul we view, Our pity and relief are due. Nor ask what religious rite, Conveys his mortal soul out of sight. Or soothe the anguish of a breaking heart. The widow's tear—the orphan's cry All want our ready hands supply. These are the words of a Mason's lodge."

Brother Cardwell's wife preceded him to the grave about six months. We extend to this bereaved family our sincere sympathy in their loss and pray the Ruler's blessing upon them.

C. R. Wing, S. E. Thomas, J. W. Jackson, Committee.

CHEVROLET WILL INTRODUCE
NEW LINE OF MOTOR CARS
ON JANUARY 1st.

Detroit, Mich., Dec. 24.—Promising the most spectacular low priced automobile of all time, the Chevrolet Motor Company announced here today that a complete new line of motor cars will be introduced to the public January first.

In confirming reports that Chevrolet would very shortly introduce a new car of surpassing interest, W. S. Knudsen, president of the Chevrolet Motor Company, declared that the official announcement covering all details of Chevrolet's sensational new product would come Sunday January first. No details will be available until that time, he said.

Chevrolet assembly plants have been in production on the new car since December 12. Factories in Flint, Mich., Tarrytown, N. Y., St. Louis, Mo., Oakland, Cal., Buffalo, N. Y., Janesville, Wis., and Newwood, Ohio, have been humming with activity preparing for the highways the first of the new cars that promise to make motor car history in 1928.

Shipments of the new cars to dealers have been heavy since December 15 so that the vast country-wide dealer organization may be prepared for the introductory showing next Sunday. Unbridled enthusiasm is being displayed over the new cars by Chevrolet field sales officials, who have been milling into Detroit for private showings of the new line.

Practically every Chevrolet dealer in the United States will have cars ready for public inspection January 1st. From Bangor, Me., to San Diego and from Miami to Vancouver there will be an enormous exhibition of the new car that has caused so much discussion in the last few months.

This gigantic distribution achievement of supplying thousands of dealers with cars in such a brief space of time was made possible only through the far-reaching policy of the Chevrolet organization and production facilities of the Chevrolet Motor Company. Never in a history of this industry has so many new models of one make have been placed in dealers' hands in such a limited space of time.

Cars will be ready for the boulevard and highways immediately after the first of the year. Production at the various assembly plants throughout the United States is racing along as fast as precision manufacturing will permit.

Unofficial reports from the Chevrolet offices here say that the new car will embody many improvements in design and construction. New standards of beauty are promised. Easier handling and smoother riding qualities are heralded as some of the outstanding features of the new Chevrolet line. Many unlooked-for changes have been made in the appearance of the car, according to reports, providing the new Chevrolet with a beauty and style appeal, unexampled in the industry.

Reports of the department of Agriculture indicate that approximately 24,000,000 eggs are laid annually in the United States.

Pumpkins are a good succulent feed for dairy cows.

The fashion in Ireland, centuries ago, was to dye horses wholly or in part for ornament. One prize had fifty white horses with ears dyed red and manes and tails purple.

Skim on the surface of pickle brine indicates that the brine is too thick for pickling.

People have pooled their money for banking, manufacturing, trade, transportation, and for public service; but farming still remains an individual business in the main.

New Year Greetings

Before another issue of the paper reaches its readers the year 1927 will be history, and the new year will be started off. The Clipper cannot let this opportunity pass without expressing our sincere thanks to those friends who have in any way contributed to whatever success we may have made, or what good we have accomplished, during the year which is now closing. No individual or institution can succeed even in a small measure without friends, and to those who have helped us in a material way and those who have felt disposed to speak words of encouragement, we feel very deeply grateful. During the coming year it will be our earnest desire to give you the best service possible, and we trust that the year 1928 will bring to each and every one of our readers and friends a full measure of
